VIRGIN ISLANDS BUREAU OF INTERNAL REVENUE

The Virgin Islands Bureau of Internal Revenue (the BIR) is responsible for the administration of the internal revenue laws of the Virgin Islands. The Director of the BIR is appointed by the Governor, with the advice and consent of the Virgin Islands Legislature, and serves at the discretion of the Governor.

The U.S. Tax Court does not have jurisdiction to hear tax cases arising under the income tax laws applicable in the Virgin Islands. However, a V.I. taxpayer can file a timely petition in the District Court of the Virgin Islands prior to payment of any asserted income tax deficiency, similar to the procedure that applies in the U.S. Tax Court.

The Virgin Islands tax system includes income, gross receipts, excise, highway user's, hotel room, real property, entertainment, franchise, fuel, gift, inheritance, and stamp taxes. Other fees and license requirements are also in effect for such services as registering vehicles, obtaining driver's licenses, and obtaining business licenses.

Whenever the Virgin Islands tax laws require the filing of tax returns, statements, notices, or schedules, the form or other documents should be directed to the Bureau of Internal Revenue, 6115 Estate Smith Bay Suite 225, St. Thomas, Virgin Islands, 00802 or 4008 Estate Diamond Plot 7-B Christiansted, Virgin Islands 00820-4421. All checks must be made payable to the Virgin Islands Bureau of Internal Revenue.

INCOME TAX LAWS IN EFFECT IN THE VIRGIN ISLANDS

The sources of the Virgin Islands taxing authority include the Internal Revenue Code of 1986 (the IRC) and the Naval Service Appropriations Act of 1922, which established the principle that the IRC applies in the Virgin Islands under a “mirror system” whereby the “Virgin Islands” is substituted for the “United States” wherever necessary to give the IRC the proper effect in the Virgin Islands, and vice versa.

Specifically, the Naval Service Appropriations Act provided in pertinent part that “the income tax laws in force in the United States of America and those which may hereafter be enacted shall be held to be likewise in force in the Virgin Islands of the United States, except that proceeds of such taxes shall be paid into the treasuries of said islands.” Consequently, the income tax provisions of the IRC, the Treasury Regulations promulgated thereunder, and Revenue Rulings and Revenue Procedures issued by the Internal Revenue Service (the IRS) are generally applicable in the Virgin Islands with certain limitations.

BONA FIDE RESIDENTS OF THE VIRGIN ISLANDS

The American Jobs Creation Act of 2004 imposed new rules for determining who is a bona fide resident of the Virgin Islands. Beginning in tax year 2006, the following three tests must be met in order to be considered a bona resident of the Virgin Islands:

- 1. Taxpayer must meet the Presence Test
- 2. Taxpayer must not have another tax home; and
- 3. Taxpayer must not have a closer connection to the U.S. or a foreign country.

Presence Test: Taxpayers meet the presence text for the tax year if they meet one of the following conditions:

- 1. They were present in the Virgin Islands for at least 183 days during the year.
- 2. They were present in the U.S. for no more than 90 days during the tax year.
- 3. They had \$3,000.00 or less of earned income from U.S. sources and were present for more days in the Virgin Islands than in the U.S. during the year.
- 4. They had no significant connection to the U.S. during the tax year.

Tax Home and Closer Connection Tests: Under the tax home test, to be a bona fide resident, an individual generally cannot have a tax home outside of the Virgin Islands during any part of the taxable year. There are special rules for students, government officials and seafarers. Under the closer connection test, to be a bona fide resident, an individual cannot have a closer connection to the U.S. or a foreign country than to the Virgin Islands.

Regulation §1.937-1, 2006-9 I.R.B. 524, provides greater details and examples of the new residency rules.

GROSS RECEIPTS TAX

The gross receipts tax (GRT) is a tax on total receipts from the conduct of a business within the Virgin Islands, without reduction for cost of goods sold or services or any other expenses.

Businesses with annual gross receipts of \$225,000 or more pay a tax of five percent on their entire gross receipts, while businesses with annual gross receipts of less than \$225,000 pay a tax of four percent on receipts in excess of \$9,000 per month. The \$9,000–per–month exemption is lost if not used in one month. For example, a business with gross receipts of \$3,000 in one month and \$10,000 in a second month would owe tax on \$1,000, which multiplied by the five percent tax rate is \$50, while a business with gross receipts of less than \$9,000 in each month would owe no tax.

Commissions earned on the sale of V.I. lottery tickets, gross income of banks and franchised bus operators, receipts of certain costume jewelry manufacturers, and from farming and fishing are not subject to the GRT. Reverse osmosis water product plant operators may be eligible for a partially exempt from the GRT. The tax does not apply to premiums on insurance written or on airline tickets, but commissions earned by insurance and travel agents are subject to the GRT. Also, Economic Development Commission beneficiaries may be exempt from the gross receipts tax.

EXAMINATIONS

The Bureau accepts most taxpayers’ returns as filed. If we inquire about your return or select it for examination, it does not suggest that you are dishonest. The inquiry or examination may or may not result in more tax. The Bureau may close your case without change; or you may receive a refund.

The process for selecting a return for examination usually begins in one of two ways. First, we use computer programs to identify returns that may have incorrect amounts. These programs may be based on information returns, such as Forms 1099 and W-2VI, on studies of past examinations, or on certain issues identified by compliance projects. Second, we use information from outside sources that indicates that a return may have incorrect amounts. These sources may include newspapers, public records, and individuals. If we determine that the information is accurate and reliable, we may use it to select a return for examination.

Publication 556, Examination of Returns, Appeal Rights, and Claims for Refund, explains the rules and procedures that we follow in examinations.

CORPORATE TAX

A domestic corporation for Virgin Islands income tax purposes is one that is organized under the laws of the Virgin Islands. A foreign corporation is one that is not organized in the Virgin Islands, including a corporation organized in the United States. A domestic corporation pays income taxes on its worldwide income to the Virgin Islands, generally using Form 1120. A foreign corporation pays V.I. income taxes only on its V.I. source income and its income effectively connected with a Virgin Islands trade or business, using Form 1120F.

The Virgin Islands imposes a ten-percent surcharge on the total Virgin Islands income tax liability of all corporations, both domestic and foreign. The surcharge is due when regular tax payments (estimated and final) are due. For example, a corporation that falls within the 15 percent bracket under the IRC would owe tax at a 16.5 percent rate (15 percent plus 1.5 percent) and would pay 110 percent of the amount otherwise due under the Internal Revenue Code as estimated tax payments and with the extension request and/or final return. This ten-percent surcharge cannot be claimed as a deduction by the corporate taxpayer.

TAX EXEMPT ORGANIZATIONS

A charitable organization that is a branch of a national charity, such as the American Red Cross, does not need to file an application for tax-exempt status with the Bureau for recognition as a charitable organization. Such an organization should, however, provide the Bureau with a copy of the national organization's exemption letter from the IRS in order to obtain a letter exempting the organization from certain V.I. taxes. Other organizations can apply for tax-exempt status under IRC §501(c)(3) by filing Form 1023. Upon receiving a favorable determination letter, contributions to the organization are deductible as charitable contributions.

Under current practice as developed between the Bureau and the IRS, the Bureau reviews and forwards each completed Form 1023 to the IRS for final approval to ensure that the charitable deductions are allowable to both V.I. and U.S. contributors. Once the IRS issues a letter granting tax-exempt status, the Bureau issues a similar letter granting exemption from certain V.I. taxes, including the gross receipts tax, excise tax, and entertainment tax. The approval process takes four to five months on average, but can take longer. Form 1024 is used to apply for tax exemption by organizations that do not qualify as charities, such as business leagues.

The goal is to achieve collection of what is potentially collectible at the earliest possible time and at the least cost to the government.

An OIC may be based on (1) Doubt as to Collectability: Doubt exists that you could ever pay the full amount of tax owed; (2) Doubt as to Liability: Doubt exists that the assessed tax is correct; and (3) Effective Tax Administration: There is no doubt that the tax is correct and that the full amount owed could be collected, but an exceptional circumstance exists that would allow the Bureau to consider the offer. The Form 656, Offer in Compromise, booklet contains information that you need in order to prepare a complete and accurate OIC.

The Tax Increase Prevention and Reconciliation Act of 2005 (TIPRA) provided changes for submitting lump-sum and periodic-payment offers. There is a \$186 application fee that must be paid when the offer is submitted. Additionally, (1) you must also include 20% of your offer amount if you propose a Cash or Lump-Sum Offer (an offer you propose to pay in 5 or less payments) OR (2) you must include a payment equal to your first proposed offer amount and you must pay the remaining proposed payments when they are due. If these requirements are not met, the OIC will be not be processed.

OFFER IN COMPROMISE

An Offer in Compromise (OIC) is an agreement between the taxpayer and the government that settles a tax liability for payment of less than the full amount owed.

INCOME TAX REFUNDS

If you are due an income tax refund, you generally must file your return within 3 years from the date the return was due (including extensions) to get that refund.

If you think you paid too much tax, file a claim for refund within 3 years from the date you filed your original return or 2 years from the date you paid the tax, whichever is later.

The law generally provides for interest on your refund if it is not paid within 45 days of the date your filed your return or claim for refund.

Be sure to always include your mailing address on your tax return.

The law authorizes the Bureau to offset a tax refund to other outstanding tax liabilities. The law also mandates the Bureau to first offset a tax refund to

- (1) Past-due support (Child Support)
- (2) Collection of debts owed to federal agencies (ie Student Loans), and
- (3) Past Due, legally enforceable state income tax obligations,

prior to any overpayment being credited to the future liability for an income tax (credit elect).
